BUSTER ACCESSORY PACKAGES

COMFORT

The Comfort package includes model-specific seat and backrest cushions. For the largest boat models, the package also includes suspension seat posts for the driver's and navigator's seats. The COMFORT package includes all upholstery and backrests for the boat. COMFORT package for Buster Cabin includes also a cabin carpet.

CANVAS

The CANVAS package includes a model-specific canvas, adjustable in accordance with the weather conditions. A protective cover or a separate canvas garage is provided for storage of the canvas top. For Buster M and L, the package also includes a door between the consoles to provide protection against wind, spray and rain. The canvas tops are designed to match the colors and style of your Buster.

SONAR

The SONAR package gives your Buster Q sounder capabilities. You can follow the depth, as well as see the depth curve and return to given depths on the chart. The sounder meets the NMEA 2000 standard.

FISHFINDER

The new Buster Q Fishfinder combines the new Buster Q smart display and Raymarine's premium CP100 sonar module. Fishfinder harnesses dual-channel CHIRP transducers which generates photo-like sonar images of the bottom and the fish down to a depth of 270 metres.

AIS

The AIS package adds AIS functionality to the Buster Q. The AIS receiver shows all vessels with sending AIS on your chart view.

RADAR

The Buster Q Radar package includes a Raymarine Quantum Q24C radar which is compatible with the Buster Q infotainment system. This new generation marine technology uses pulse compression technology that guarantees excellent radar images both near and from distance.

ENTERTAINMENT

The ENTERTAINMENT package unlocks the fun factor of Buster Q. The amplifier and speaker lets you enjoy FM and DAB radio as well as stream music from your Bluetooth device. Package includes Fusion 100 series amplifier and speakers.

ENTERTAINMENT+ PACKAGE

Subwoofer (NB! Also included in the HIGH TECH -package).

HIGH TECH PACKAGE

This includes Buster Q+ package, ENTERTAINMENT+ package, as well as Helm Master joystick control (also includes Seastar tilt steering wheel and power steering).

BUSTER Q+ PACKAGE

Buster Q additional displays: Phantom & Phantom Cabin: 16 " + 10" and Supermagnum 10 "(NB! also included in the High Tech package).

Prices are recommended prices and include VAT. Buster reserves the right to change model, colour, trim, equipment and pricing without prior notice. Standard equipment may vary slightly from country to country. Brochures and web images display options and accessories that are not standard equipment. Performance data is indicative only. Ensure delivery contents from your local dealer.

busterboats.com

Uncompromising goals with regard to ruggedness, everyday practicality and seaworthiness has created a quality level that already carries a legacy of its own:
Buster.

Buster Q

The future of powerboating

We have developed a seamlessly integrated user experience for your Buster starting from model year 2017. To facilitate a new way of boating, we've completely rethought the way you interact with the boat. Inspired by the automotive and hand-held smart device industries, we have taken all key functions and integrated them into one huge touchscreen. At the same time, we enhanced entertainment as well as safety- and training-related functionality, bringing it into the realm of the same, intuitive user experience – the Buster Q.

NOT JUST A CHARTPLOTTER. A COMPLETELY NEW USER EXPERIENCE.

Not only is the Buster Q slick and cool-looking, it's also a lot more powerful than you've come to expect for boat-mounted hardware. Integrating features like navigation (Powered by C-Map), infotainment, advanced sonar functionality, Yamaha gauges, WiFi, and over the air seamless updates, the Buster Q is as high-tech as many laptop computers. Fulfill your dreams – getting out on the water has never been this easy!

ENTERTAINMENT

You can wirelessly share your favorite music from your apps with family and friends. FM- and Dab radio is available when you need it. You can enjoy music on the water all day long, due to the power saving progressive wireless features on Buster Q.

WIFI AND 3.5G

Local weather is always available. When necessary, you can unlock new chart areas through the Internet connection. You can also share your 3.5G connection through your Buster Q hotspot. Updates and new functionality is enabled through new software releases over the air.

INSTRUCTIONS

All boat and engine related manuals are preloaded on your Buster Q unit. Additional video tutorials on mariners knots, boat handling, harbor maneuvers and safety are also available. We bring instruction from the classroom to where it belongs; on the water.

SAFETY

Safety is an integral part of Buster Q. In addition to easy, intuitive navigation, Buster Q can be updated depending on your needs; sonar and AIS receiver for vessel recognition to name but a few.

FISHING

The active fisherman can add on the progressive and accurate CHIRP fishfinder, that gives an accurate image of the bottom and marine life.

USER FRIENDLINESS

To simplify everyday boating, a remote control can be mounted on the steering wheel or steering console, to facilitate piloting in rough seas – as you can operate Buster Q while keeping your left hand on the steering wheel.

STANDARD EQUIPMENT

BUSTER Q 10 | BUSTER M2, L2, LX, X, XL, XXL

BUSTER Q 16 | BUSTER MAGNUM, SUPERMAGNUM, CABIN

ALL-IN-ONE, INCLUDES

- Maps (C-Map)
- Buster subscription for 1 year (renewal in Buster App after that)
- Weather service
- Integrated Yamaha gauges
- Infotainment
- Manuals – boat and engine
- Video tutorials
- 3.5G Wifi Hotspot

TECHNICAL DETAILS

- 10" / 16" screen
- WXGA resolution
- 1 million pixels
- NMEA 2000 compatible
- 1 GHz Quadcore processor
- 1 GB DDR3 SDRAM / 8 GB Flash

FEATURES

CHART PLOTTER

- Pinch & zoom, panning
- Auto routing
- Waypoints
- Points of interest
- Route saving
- Quick zooming

ENGINE INFORMATION

- All Yamaha LAN-gauge data in one screen

TUTORIAL VIDEOS & INSTRUCTIONS

- Manuals
- "How to" videos: how to use canvas, how to dock, etc.

WEATHER

- Weather based on GPS-position: World Weather Online

ACCESSORIES

ENTERTAINMENT PACKAGE

- Bluetooth streaming from your smart phone / tablet
- Fusion speakers & amplifiers
- Radio (FM & DAB)

ENTERTAINMENT+

- fusion subwoofer

Q+

- additional buster Q screens

AIS PACKAGE

- Digital Yacht AIS B receiver
- VHF antenna

SONAR PACKAGE

- Airmar P39

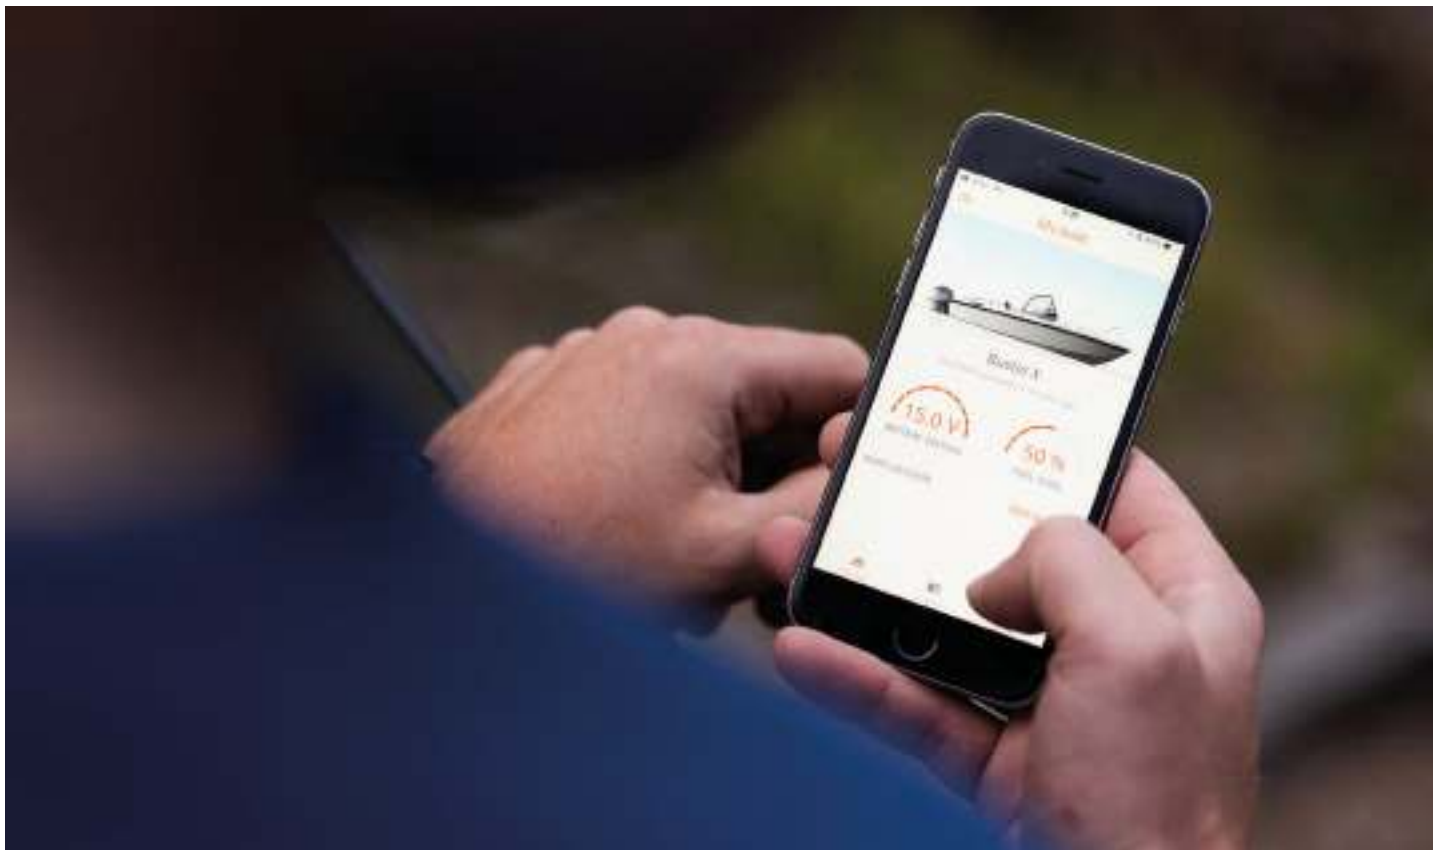

FISHFINDER PACKAGE

- Raymarine CP100 sonar module and CHIRP transducers

RADAR PACKAGE

- Raymarine Quantum Q24C

REMOTE CONTROL

Buster App

YOUR BUSTER BOAT ALWAYS IN YOUR POCKET

The Buster App keeps vital boat information and your personal virtual logbook handily available, always and anywhere. By pairing your app with your Buster Q unit you are better prepared for upcoming boating activities, since you can check the location, fuel level and battery status of your Buster boat.

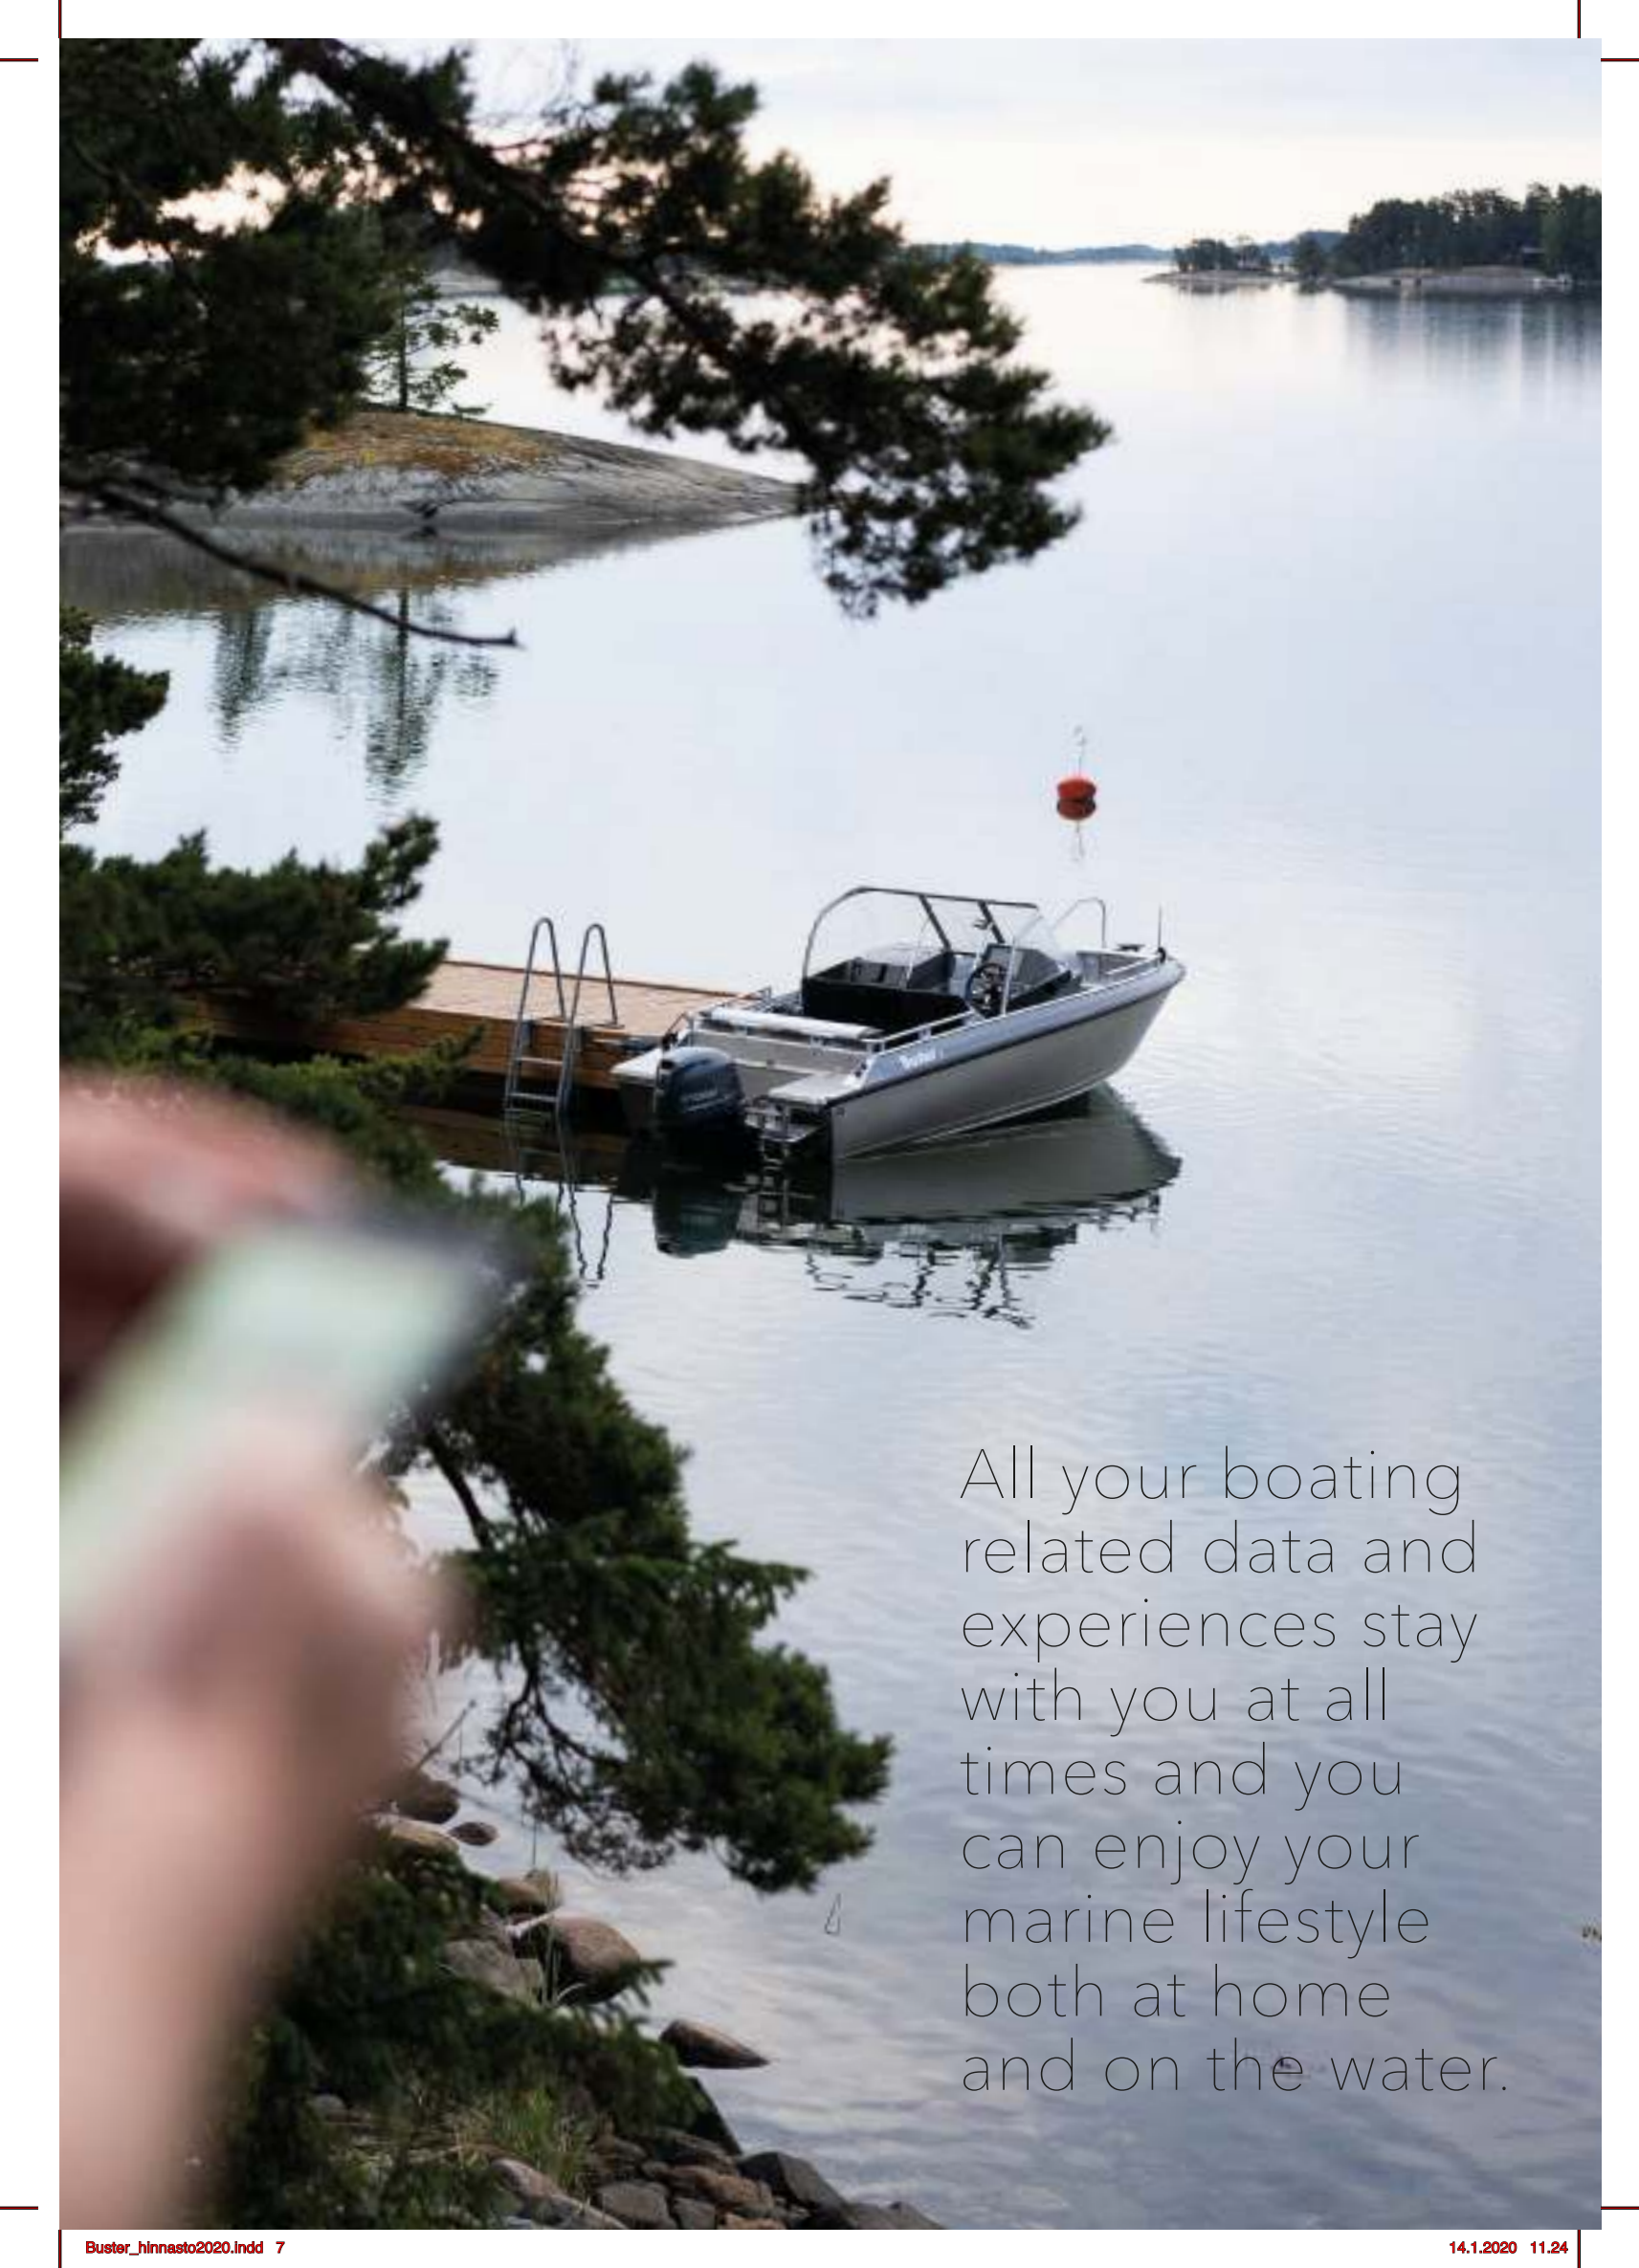

SHARE YOUR ON-WATER EXPERIENCES WITH FRIENDS

Buster Q shares your trips with the mobile app. After a sundrenched day on the water, you can revisit your route, share it with friends and explore trip data since Buster Q transmits all this to your app. You can also add photos you have taken and share them on social media – directly through the app.

EASY. STYLISH. PROGRESSIVE.

Like Buster Q, the Buster app enhances your boating experience - intuitively and simply. This user-friendly and smart app brings a new dimension to boating. All your boating related data and experiences stay with you at all times, and you can enjoy your marine lifestyle daily; at home, at work or on the water.

All your boating related data and experiences stay with you at all times and you can enjoy your marine lifestyle both at home and on the water.

- Rainwater draining cockpit
- Yamaha Y-COP immobilizer

* The speeds shown above are indicative and have been reached under testing circumstances. In reality, speed - especially top speed, varies heavily. Wave state, wind, propeller choice, engine installation height, trim angle, trim tabs, cleanness of bottom, amount of fuel and load state all affect boat speed. Thus, the performance data given is not to be treated as a speed guarantee.
